# Create your Provider Account in CE Broker today!

CE Broker is the official CE tracking system of the Oklahoma Board of Medical Licensure and Supervision. There is no mandatory cost, though Providers must have an account and register courses on the platform.

Provider Registration Requirements | When registering as a board-approved CE Provider, CE Broker will lead you through a simplified registration process. You will be asked to submit a CE provider profile and primary contact information AND you will need to submit at least one course application with all appropriate documentation, including a curriculum vitae for each instructor.

How to create your CE Broker Provider Account

1 | Visit **cebroker.com/providers**

2 | Choose **Oklahoma** from the drop down menu and click **Get Started**.

3 | Select the **Oklahoma Board of Medical Licensure and Supervision - Physical Therapy**, review the application fees and requirements, and click **Register**.

If you already have a CE Broker account, follow **these simple steps** to get approval from the Oklahoma Board of Medical Licensure and Supervision.

Course Application Requirements | Only Board-approved Providers may offer Ethics and Professional Development hours. When submitting a course application for Ethics credit, it will route directly to the board for approval. The course will then be listed in the provider account and providers can report course completions. IACET, FSBPT, and APTA Accredited Providers offering general credit hours are rule-approved and those courses will automatically be approved and will not route for approval. Course Applications shall be submitted at least 30 days prior to the date of the proposed seminar. Incomplete applications will not be processed.
